

Nihad Gurbanov

+994 51 516 90 44 | hello@nihadgurbanov.com | Baku, Azerbaijan

Summary

Strong Junior Java Developer with robust knowledge in Core Java, OOP, Spring Boot, and microservices architecture. Experienced in building Spring Boot REST APIs and writing tests. Well-versed in data structures, algorithms, agile, and Scrum principles. Experience in e-commerce, procurement, accounting, and entrepreneurship provides valuable domain knowledge that enhances my software engineering skills. Demonstrates strong problem-solving abilities, quick learning capabilities, and a passion for continuous improvement. Eager to contribute to innovative projects within a dynamic development team and grow professionally.
